CIVIC POLL DELAY QUESTIONED

Bangalore, Aug. 23

Sri Justice Jagannatha Setty of the Karnataka High Court admitted yesterday a writ petition of Dr. M Narasimhiah Pandit of Mysore seeking a direction to the State Government to hold elections to the Mysore Municipal Council.

It was stated for the petitioner that the term of the sitting members of the municipality expired on December 31, 1972 and the State Government, instead of holding elections, had appointed an administrator. No steps had been taken in this behalf so far.

It was alleged by the petitioner that the ruling Congress Party, having tasted defeat at the hands of Congress (O) in the Assembly elections held in March 1974, was not hopeful of securing a majority in the municipality. Judging the mood of the electorate and realising that the Congress might not be able to capture power, the State Government had deliberately failed to take any steps.

The court ordered issue of emergent notices to the State Government and other respondents.

HAZARDS OF SMOKING

Concern is growing in India about the numerous health hazards attributed to cigarette smoking. It has been established that there are diseases which are prevalent more among smokers than non-smokers. Smoke causes damage to the valves of the lung by constant irritation and can also damage the small vessels that carry blood to the lung for oxygenation. In such cases, the heart has to take an excess load of work. This results in congestion and enlargement of the heart which lead to breathlessness and fatigue.

Experts are of the opinion that lung cancer is among the hazards of smoking. So far, no complete proof is available to establish the relationship between lung cancer and smoking, but there is overwhelming statistical evidence to show that smoking increases the chances of a person getting lung cancer. Also the incresed chances are directly proportionate to the amount of smoking.

A survey carried out in USA on smoking and health revealed 14 diseases for which the mortality rate of cigarette smokers was one and a half times more than that of non-smokers.

A number of studies have been carried out in India and they indicate : (i) incidence of lung cancer is much less in India but is on the increase. In 1950, the incidence was 1.69 per thousand. In 1959, it had risen to 26.9 per thousand. (ii) tobacco chewing and smoking is linked with cancer of the tongue and mouth ; (iii) bidi smoking is associated with cancer of the upper part of the gullet and adjoining portion of pharynx. Heavy and habitual use of tobacco in one form are another accounts for almost all cases of cancer of the upper alimentary tracts.

It has been found that if smoking is given up, the symptoms usually show a downward trend.

Payment Before Delivery Of Books

Reveals PAC Report

[From Our Correspondent]

Bangalore, Aug. 30

The Public Accounts Committee of the State Legislature has revealed payment of full amount by the Government to a printing press in Mysore City even before the publications were brought out.

According to the report, the Government sanctioned printing of 25,000 copies each of "Vachana Sahitya Sangraha" compiled by Prof. S.S. Bhusanur Mutt and "Dasa Sahitya Sangraha" by Dr. D.R. Bendre at a cost of Rs. 43,000 each. The two scholars were also sanctioned an honorarium of Rs. 750 each.

The printing of "Vachana Sahitya Sangraha" was entrusted to a private printing press in Mysore in 1962 in consultation with the Director of Printing and Stationary, who could not get them printed in the Government Press. The 25,000 copies should have been supplied by March 1963. However, no agreement was executed on the terms and conditions of supply of books.

The press was paid Rs. 46,424 when only 3,000 copies had been supplied. The press supplied 20,000 copies in piecemeal ending with 3,000 copies, in 1968. Of the copies, only 584 were sold. The remaining 24,432 copies were distributed free to Government Colleges by the Government.

To a query as to why full payment was made even before the supply of copies it was stated that the Director of Textbooks had ordered payment stating that copies were ready. Since the officer was not alive now, no action could be taken against him.

It is not known as to what happened to the publication of "Dasa Sahitya Sangraha", the report said.

Abolition Of Pro-Chancellor's Post

Panel's Report On Varsities Bill

(From Our Correspondent)

Bangalore, Sept. 5

The Joint Select Committee of the State Legislature which considered the Karnataka State Universities Bill 1973, has recommended that the office of Pro-Chancellor was not necessary and that the powers conferred on the Pro-Chancellor in the Bill may be exercised by the Chancellor himself subject to certain matters being routed to the Chancellor through the State Government.

It may be recalled that the Bill introduced in the State Assembly in May 1973 had provided wide powers to the Pro-Chancellor which had come into criticism. The Joint Select Committee which has opined that the post of Pro-Chancellor was not necessary has also recommended that the Chancellor should appoint the Vice-Chancellor from a panel submitted by a committee.

Another recommendation of the committee is that the jurisdiction of the Bangalore University may be extended to Kolar and Tumkur Districts in addition to Bangalore District. At present these two districts come under Mysore University.

The committee has also felt that it was necessary to constitute a commission once at least in five years to review the working of the universities and that the report of the commission and the action taken should be laid on the table of the Legislature.

The committee has also recommended representation to journalists, women and students in the university senate.

Urs' Speech Criticised

Mysore, Sept. 12

The Mysore Branch of the Nava Nirmana Samiti has strongly criticised the speech of Chief Minister Devaraj Urs at Dhawar in which he had reportedly said that if teachers wanted to participate in politics they should resign their posts.

In a statement today, the Samiti has said that the Government would be subject to the wrath of students if there was an attempt to curb the Constitutional right of teachers. It has questioned the propriety of the Chief Minister's statement which it said is contradictory to the appeals by politicians that the intelligentia should participate in the affairs of the nation.

Lalitha Mahal Hotel Inaugurated

Mysore, Sept. 13

Lalitha Mahal Palace, which once housed the Viceroys and other top dignitories, was today declared open as a posh hotel of the India Tourism Development Corporation under the group of Asoka Hotels.

Inaugurating the Hotel, Dr. Sarojini Mahishi, Union Minister of State for Tourism, said this was the second prestigious Palace Hotel of the ITDC, the first being at Udaipur.

She said Air India would start soon operating its flights to Bangalore. This would be a big fillip for increased export trade and promotion of tourism in Karnataka. She urged the State Government to take up schemes like the construction of Youth Hostel at Hampi and provide suitable land for the Rs. 3.5-crore International Institute of Tourism at Bangalore, without further delay.

The Minister said that the ITDC proposed to develop Lalitha Mahal Palace Hotel as a "convention-hotel" to help groups to come and stay at Mysore and hold seminars and conferences.

Chief Minister Devaraj Urs, who presided, urged the Centre to improve the Mandakalli aerodrome at Mysore and operate regular flights so that the tourist traffic could increase. The State Government would provide any financial assistance, if needed, he said.

The trust for the Maharaja's Palace would be announced in a week or two and the Palace would be converted into a showpiece, he added.

A sum of Rs. 14 lakhs has been spent for converting the Palace into hotel. It has 17 rooms and more rooms would be constructed soon.

Sri S.N. Gdohoka, ITDC General Manager, welcomed the gathering. Sri Varadarajan, Manager, Hotel Asoka, Bangalore, proposed a vote of thanks.

Dr. Mahishi also released a Guide Book of Mysore published by Sri D. R. Krishna Murthy.

PRESIDENT NOT A RUBBER STAMP

Mysore, Sept. 14

The status of the President in our country is analogous to that of a head of a family, Smt. K.S. Nagarathnamma, Speaker, Legislative Assembly said here yesterday.

She was presiding over the symposium on the "Status of the President in Indian Consitution", under the auspices of Sri H.C. Dasappa Institute of Public Affairs.

Smt. Nagarathanmma said in our country, which was known for its culture and traditions, the head of a family occupied an important and respectful place. The status of the President was similar to this.

Profs. M. B. Rudre Gowda, C.K.N. Raja and L. Srikantiah participated in the symposium

Prof. Raja said the country should have its own constitution suited to our traditions and needs, instead of having a constitution borrowed from other countries. The President was almost a rubber stamp, he observed.

Disagreeing with Prof. Raja, Prof. Srikantiah said the powers and status of the President were clearly mentioned in the Constitution. Those who were advocating for more powers for President were only paving way for dictatorship

Earlier, Sri A. Ramanna welcomed the gathering. Sri Tulsidas Dasappa, MP, proposed a vote of thanks.

URS' REMARK RESENTED

Mysore Sept. 18

The Mysore University Private College Teacher's Association has reacted strongly to the reported statement of Chief Minister Devaraj Urs made while speaking at a function in Dharwar on September 11, that "teachers were exploiting innocent students as guinea pigs and instigating them to take to violence".

By a resolution adopted at an urgent meeting of the working committee of the Association held her on Monday, Sri M. Sathyanarayanarao, MLC, presiding, the Association charged the Chief Minister with a sinister design aimed at misleading the student community and creating a rift between them and their teachers.

In a press note issued by the Association, it was stated that the working committee, on a careful study of the Chief Minister's statement had come to the conclusion that its remarks were full of sweeping generalisations with no bearing on facts and made with no sense of responsibility and they had hurt the sentiments of thousands of decent and honest teachers at all levels.

FORMER MAHARAJA CREMATED

Mysore, Sept. 23

Mysore city yesterday gave a memorable farewell to Sri Jayachamaraja Wodeyar who was cremeted with State honours at Madhuvana. His only son Sri Srikantadatta Narasimharaja Wodeyar lit the sandal-wood decked funeral pyre at 6-35 p.m.

As the news of the former Maharaja's death at Bangalore spread like Wildfire in the city, people converged on the Palace like swarming bees. The decorated car carrying the body arrived at the Palace at 3-15p.m. As the car came in front of the porch, the Royal guards gave a salute and the Palace orchestra played the Mysore Anthem. The car carrying the body moved right inside the Palace. The body was removed to the high-domed Kalyan Mantap where it was garbed in the traditional dress including the Turban. It was placed in a Wooden Palanquin and the funeral procession started at 4-15.

Surging crowds who had been allowed inside the Palace compound patiently waited to have a last glimpse of their former ruler. The entire procession route was lined up by people, mostly women and children, who often shouted "Jayachamaraja Wodeyar ki Jai".

The procession reached Madhuvana, the royal cemetry, at 5.15 p. m. Nearly 30000 people waited there to have a last glimpse of the former Maharaja. But only a selected gathering was allowed in the cemetry where the last rites were performed. It was exactly at 6.35 p. m. that Srikantadatta Narasimharaja Wodeyar lit the funeral pyre as the sun went down the Horizon and the Palace Band sounded the last post. The cemetry reverbated to the firing of three volleys by the Royal guards. Earlier a 56-gun salute was given to the former Maharaja.

Among those who were present at the cemetry were Governor Mohanlal Sukhadia, Chief Minister Devaraj Urs, and his cabinet colleagues sriyuths Chennabasappa, Siddaveerappa, Hutchamasti Gowda and Rachiah.

Smt. Tripurasundarammanni, wife of the former Maharaja, and her daughters drove upto the entrance of the cemetry and left for the palace after the mortal remains of the former Maharaja was taken inside the cemetry. SeniorMahrani Smt. Satyaprema Kumari paid her last respect at the Palace.

The entire city were a desolate look yesterday as business houses, theatres and eating establishments closed down their shutters as a mark of respect for the departed soul.

Cong-O Retains Council Seat

Bangalore, Sept. 24

Sri K. Rajasekharappa (Cong-O) was declared elected yesterday to the Karnataka Legislative Council in the by-election from the Raichur local authorities' constituency. He defeated his only rival, Sri S. Desai (Cong) by 194 votes to 144. The by-election was caused by the death of Sri Viswanathaswamy.

The Difference....

Mysore, Sept. 24

The crowd which gathered near the Palace and lined up the entire route of the funeral procession yesterday reminded one of theDasara crowd. The only difference was the mood and the occasion. While Dasara was a gay festivity, today it was solemn. But still it reminded one of the abiding affection people of Mysore had for their former Ruler. They waited patiently to pay their homage to their departed ruler. At the Madhuvana Cemetry several people who were restive tried to gate crash but failed in their attempt as the police were present in good force. Many clambered up the old wall surrounding the cemetry. Some enthusiastic young persons even climbed up the tall coconut trees to see the funeral rites being performed. People stood outside the cemetry for over an hour unmindful of the thin drizzle-A mute expression of their love for their former ruler.

Teachers Plan Agitation For Direct Payment

Mysore Sept. 25

Private college teachers in the Mysore University area propose to organise a Statewide intensive agitation in October-November this year to urge the Government to introduce the 'direct payment of salary by Government by cheque' system for the benefit of both the teaching and non-teaching employees of all aided colleges in the State with immediate effect.

While this decision was taken at a special general body meeting of the Mysore University Private College Teachers' Association held here on Sunday, Sri M. Satyanarayana Rao, MLC, presiding, it is stated that five other colleges and university teachers' associations representing teachers in all the three universities will also join the movement.

A press note issued by the MUPCTA working committee pointed out that the resource position of almost all private colleges in the State had got adversely affected during the past few years due to the opening of numerous junior colleges, revisions of pay and allowances and rising cost of equipment and maintenance. Consequently, a large body of employees in aided colleges were not getting their salaries paid in proper time, and there were several instances of the staff having not received their pay for more than five to six months. Besides, there were quite a few institutions which had taken recourse to malpractices like underpayment of salaries, non-payment of Tukol Commission scales of pay and the revised dearness allowance. A situation like this was not conducive to the well-being of collegiate education, and since the Government had turned a deaf ear to teachers' woes in this regard, they were left with no alternative but to launch the agitation, it was stated.

Memorial To Wodeyar

Sir,

The Mysore District Football Association deserves praise for having succesfully conducted an all India football tournament for the Ideal Jawa Challenge Trophy recently. It was a rare treat for football fans of Mysore City to see good matches which attracted large crowds every day.

It is but befitting that the memory of our beloved former Maharaja, Sri Jayachamaraja Wodeyar, should be perpetuated, for the late former Maharaja was a keen sports lover. Tennis star R. Krishnan owes his success to the late Sri Wodeyar as he was responsible in sponsoring his visit to London to take part in Wimbledon.

We request the MDFA through your esteemed coloum to rise up to the occasion and conduct an all India football tournament.

We are sure that the citizens of Mysore will readily extend their hand of co-operation by all means.

D. Venkataramanaiya,
Nisar Ahmed Shariff

Sagar Unseated

SC Orders Fresh Poll In Chamarajapet

The Supreme Court yesterday held void the decision of the Karnataka High Court declaring Congress candidate Dayanand Sagar as duly elected in place of Sri Vatal Nagaraj and ordered fresh elections expeditiously to the Assembly from the Chamarajapet constituency.

Disposing of the election appeal of Sri Nagaraj, the court upheld the decision of the High Cour in setting aside the election of Sri Nagaraj on the ground of corrupt practices in the 1972 general elections.

Wrapping the High Court for its decision on declaring the defeated candidate as a validly elected representative, the Supreme Court observed that a candidate to be declared elected to legislature "must win not only an election petition but an election itself". "Courts do not elect candidates or sign into parliamentary seats those whom constituency has not yet favoured", it said.

The Court also passed strictures on Sri Sagar, a Barrister and former Minister and found him guilty of having "adduced evidence bearing traces of forgery and trick photography backed by perjury".

Sri Vatal Nagraj, however continues to be disqualified to contest in election for six years.

Memorial To Wadiyar

Sir,

May I suggest to the concerned authorities to instal a bronze full sized statue of the late Sri Jaya Chamarajendra Wadiyar in the Circle which is at the junction of the Bangalore-Nilgiri Road and Shivaji Road opposite to the Mysore Jail and CPC Polytechnic Institute?This will indeed welcome the visitor to beautiful Mysore, for which the noble man and members of his family have done so much.

It would be also befitting to honour the late ex-Maharaja of Mysore and his beloved daughter by renaming Asoka Road as Shri Jayachamarajendra Wadiyar Road, and the Hardinge Circle as the Princess Gayathri Circle.

There are also other silver chairs to go with the throne, 140 paintings, innumerable heavy wooden door panels, tastefully ornamented and embossed with metal, pillars, pedestals, idols and other curio pieces.

Science Probe For First Satellite

Work is proceeding apace on the integration of experiment packages aboard India' first scientific satellite.

The X-ray experiment aims at detecting and measuring X-rays from celestial sources in various energy ranges. There are telescopes for this, designed to find their sources as well as investigate their time and intensity. X-ray astronomy is of recent origin and the findings are eagerly awaited by scientists all over the world.

The experiment on solar neutron and gamma rays, will investigate the nuclear reactions in the sun. There is an electronic device to separate neutron and gamma rays. They will study the sun's energy emitted in these ranges, both during quiet and disturbed conditions on the solar surface.

The third experiment relates to the ionosphere-the radio mirror of the sky. The idea is to selectively measure the incoming electrons and their engines, so as to find out the presence of supra-thermal electrons. Another device will monitor the content of hydrogen and oxygen in the atmosphere at night.

CM's Hurried Return To Delhi

Hubli Visit Cancelled

The Chief Minister, who was to attend the DCC Presidents and Secretaries Conference at Hubli today, has cancelled his scheduled visit. Sri Urs, who returned to Delhi from Madras, could not meet either Prime Minister Indira Gandhi or Congress President D.H. Barooah. He is expected to call on them today.

KPCC President K. H. Patil said at Hubli that the Ministry would be expanded and half a dozen new faces would be added to it. Probably none of those in the present Ministry would be dropped.

Sri Patil said the DCC leaders would discuss mainly the question of revitalising the organisation.

THREAT TO KANNADA CONTINUES — Puttappa

Mysore, Oct. 26

Kannadigas should not be lethargic regarding the future of Kannada, just because there were indications of Kannada gradually becoming the official language and medium of instruction, noted Kannada poet K. V. Puttappa said yesterday.

Releasing the first volume of the "History of Kannada Literature" at the Institute of Kannada Studies, he said that there were still threats to the future of Kannada.

Kannada literature was as rich as any other literature and perhaps more. Our students should be taught comparative literature so that they could understand and appreciate the richness of Kannada literature, he said.

Vice-Chancellor Javare Gowda, who presided, praised the work of the Institute and suggested to it to bring out the "History of Kannada Language".

Dr. H. M. Nayak, Institute Director, welcoming said the volume had been dedicated to Rev. Kittel. It was exactly 100 years ago that he had written the first book on the history of Kannada literature.

Bangalore, Oct. 28

There has been a mixed reaction in Congress circles here today over the selection of new Ministers.

While the selection of Sri Subash Ashture and Smt. Manorama Madhwaraj has come as a surprise, there was indignation for lack of representation for Kolar, Shimoga and Hassan districts. It was also generally believed that Sri Nanje Gowda would be brought back to the Ministry and Sri Subbiah Setty will find a berth. The dissidents too are not happy over the representation to them.

Reg. Languages Need Fillip, Jatti

Mysore, Nov. 1

In the interest of the nation all regional languages should receive encouragement and opportunity for further development, Vice-President B.D. Jatti said here yesterday.

Inaugurating the developmental activities of the Mysore University, he said languages were the medium of expression of all that was best and most valuable in Indian life--philosophy, religion, poetry, law, literature and science--and everyone was entitled to the benefits and pleasure accruing from these subjects irrespective of the language in which they are written.

Commending correspondence courses, Sri Jatti said the increasing demand for educational facilities could be solved only by resort to education by correspondence.

He also recalled the services of Dr. M.V. Gopalaswamy in the field of Psychology. He was also a pioneer in fields like radio broadcasting and nursery education. Perhaps both the words "Akash Vani" and "Sisu Vihar" were used by him first, he said.

The developmental activities inaugurated by the Vice-President were institution of endowments and gold medals of Hindi department and release of two volumes, "Mahatma" and "Anjali" in Kannada, inauguration of golden jubilee of Psychology Department and opening of the new building of the Institute of Correspondence Course.

After welcome by Vice-Chancellor Javare Gowda, Prof. B. Krishnan, Head of Psychology Department, Dr. M. Rajeswariah, Head of Hindi Department and Dr. H. Thipperudraswamy, Director, Institute of Correspondence Course, explained the new schemes.

Addresses were presented to Swamijis of Kolada Mutt, Taralabalu Mutt and Chitradurga Bruhan Mutt for their donations to Hindi Department. Registrar D. V. Urs proposed a vote of thanks.

Tulsi Backs JP's Movement

Opposes Assembly Dissolution Demand

Mysore, Nov. 6

Sri K. Hanumanthaiya, MP, had made his stand very clear in regard the JP movement in Bihar and "I think his approach is right", Congress MP Tulsidas Dasappa said today.

Speaking to newsmen, Sri Dasappa indirectly supported the movement of Sri Jayaprakash Narayan but opposed the demand for dissolution of the Assembly. Going to polls frequently would be a very costly and unwise experiment. Moreover this might encourage the people not to exercise their full discrimination at the time of elections, he said.

It was the duty of responsible Government to be responsive to all sections of the society. Suppression of any type of agitation would not solve the problem. Meanwhile, any agitation should ventilate the feelings of the people in a constructive manner, Sri Tulsi said.

JP MOVEMENT NEEDS DEDICATED BAND

Says Hanumanthaiya

Mysore, Nov. 9

The fast deteriorating standards of administration during the past 25 years in Karnataka could be reversed if a band of 3,000 dedicated workers were available to launch a movement on the lines of Sri Jayaprakash Narayan, Sri K. Hanumanthaiya, MP, said here yesterday.

Participating in the Rajyotsava celebrations by the Kannada Chaluvaligars at Town Hall, he said the doubt was whether such dedicated volunteers were available in the State.

Such workers could make arrangements at district and State level and chalk out a programme of action which he would take up he said.

Sri Hanumanthaiya said that in his opinion it was the moral revolution which was more important than any other revolution in the country today.

He said that as Chairman of the Adminjstrative Reforms Commission he had suggested the size of Ministry for different States. He had suggested for Karnataka 12 Ministers only. But Ministries were being expanded without any principle. If Ministries were expanded on considerations of selfishness, caste and money what progress could be achieved, Sri Hanumanthaiya asked and said such a situation applied to all States including Karnataka.

There was no doubt that efficiency and honesty in administration was going down since 1952 in the State. Those who had removed the words "Government's work is God's work" from Vidhana Soudha were no where in political field today. People the hoped that at least those who come to power later would work efficiently and honestly. But today many people were telling that the earlier Ministries were better than the present ones, Sri Hanumanthaiya said.

On Mahaveera:—

"Jainism is of a very high order. Its important teachings are based upon science. The more the scientific knowledge advances the more the Jaina teachings will be proved".

-Jawaharlal Nehru.

* *

"Jainism has contributed to the world the sublime doctrine of Ahimsa. No other religion has emphasised the importance of Ahimsa and carried its practice to the extent that Jainism has done. Jainism deserves to become the universal religion because of its Ahimsas doctrine".

-Dr. Rajendra Prasad.

* *

"There is nothing wonderful in my saying that Jainism was in existence long before the Vedas were composed".

-Dr. S. Radhakrishnan.

"I say with conviction that the doctrine for which the name of Lord Mahavira is glorified nowadays is the doctrine of Ahimsa. If anyone has practised to the fullest extent and propagated most the doctrine of Ahimsa, it was Lord Mahavira".

-Mahatma Gandhi.

* *

"We learn from Shastras and commentaries that Jainism is existing from beginningless time. This fact is indisputable and free from difference of opinion. There is much historical evidence on this point".

-Bala Gangadhar Tilak.

Vol. XXV MYSORE FRIDAY NOVEMBER 15 1974 No. 77

MYSORE AKASHAVANI IS REBORN

Mysore, Nov. 15

The two decade old dream of people of the city for "Revival" of Mysore Akashavani, came true with the inauguration of the new station here last evening. Mysore University Vice-Chancellor Prof. D. Javare Gowda inaugurated the station by switching on the button to indicate on the map, Mysore as the fifth Karnataka's Radio Station. The first programme from the new station was the direct broad cast of the inaugural function held in the C.F.T.R.I. auditorium.

Prof. Javare Gowda hailed what he called the home coming of Goddess Saraswathi to the great Educational and Cultural Centre of Mysore. There could be intimate contacts between the University and Akashavani. He hoped that with more of local programmes, Mysore Akashavani would soon develop as an independent full fledged station.

Sri Y. Venkataramiah Retired Chief Engineer, said that with the commissioning of Mysore Akashavani, the city had got back its past "Glory" to some extent. The studio here was well equipped. Sri V.K. Srinivasan popularly known as "Bulla", said it was left to the genius of Dr. Gopalaswamy to start the station in Mysore forty years ago, with an enthusiastic band of college lecturers. Dr. Gopalaswamy worked out the programmes. It was a psychology lecturer Sri N. S. Narayana Sastry who coined the word "Akashavani". Sri M. Subramanyaraj Urs ("Chaduranga") praised Dr. Gopalaswamy's pioneering efforts in this behalf.

Smt. Kamala Gopalaswamy, wife of Dr. Gopalaswamy who was the chief guest recalled how her husband started the station giving "A Coconut and Tamboola" as remuneration for those who rendered programmes. Sri S. Krishna Murthy, Station Director, Bangalore welcomed the gathering.

Mysore, Nov. 18

Karnataka Government had initiated moves to acquire all slum areas in the municipal towns of the State for construction of houses for municipal employees, Municipal Administration Minister D. K. Naikar said here yesterday.

Presiding over the second anniversary celebrations of the Mysore City Municipal Employees' Association the Minister said on the instructions of the Government several Municipalities had already sent their reports about the availability of slum areas in their respective towns. The Government would acquire these areas irrespective of the consideration whether it was a private or Municipal site. If the land available was not enough to accommodate all employees they would be given sites elsewhere. Government had earmarked about Rs-72 lakhs for this purpose. Instead of constructing multistoreyed building it was thought prudent to allot sites for individual employees. He added that he had requested the Salappa Committee to submit its report on the improvement of conditions of municipal sweepers and scavengers before Dec. 31.

Sri K. Sriramulu, Minister of State for Labour, who also participated in the function warned the officials that the Government would not be passive if the officials did not implement promptly and strictly the various agreements reached between the Government and employees. It was unfortunate that several such agreements remained unimplemented. He said he was informed by an Assistant LabourCommissioner that some departmental heads refused to go to him (Assistant Labour Commissioner) when called for conciliatory proceedings for the latter felt it was below their dignity to go to an officer who drew a salary much below than theirs.

Sri T. N. Narasimha Murthy, DeputyChairman, Legislative Council strongly pleaded for introduction of total prohibition all over the country. Those who indulged in illicit distillation then should be "shot at sight". He deplored the reported statement of a Minister that Harijans could take to beer instead of arrack. Sri K. B Shiviah, MLA and General Secretary of KPCC and Sri M. N. Ugraiah, Association President spoke.

Mysore, Nov. 21

If the Devaraj Urs Ministry should be strong and stable in power it should be free from corruption, KPCC President K.H. Patil said here yesterday.

Presiding over the National Intergration Day, organised as part of the Nehru Jayanthi by the City District Congress Committee, he said if the Congress party should be free from corruption, the Ministry should also be free from it. The Congress party had grown into a strong party and no body could shake it. If there was any force that could destroy the Congress it was "our own sins", he warned the partymen.

Turning to Social Welfare Minister N. Rachiah, who was present at the function, Sri Patil hoped that the Minister would place his (Sri Patil's) views before the Cabinet.

Calling upon partymen to work with a sense of sincerity and honesty without selfish motives, he regretted that many Congress Committees had not maintained proper party accounts. This should not happen. The amounts received to the party should be considered sacred and if there were any persons who misused the party funds they should be removed without any consideration, he said.

The Congress President also referred to the strength of the Congress leaders in Mysore District and said there were many leaders here whose actions would have effect all over the State. They could set up a Ministry, topple it or change it he said.

DCC President D. Jayadevaraje Urs presided. Messrs Tulsidas Dasappa, MP, Tulsidas Jadhav, ex-MP, J. M. Cutinho, Abdul Gaffar Khan and Rajashankar Gowda spoke. Sri M K. Lingiah presented a copy of the resolutions passed during the celebrations to Sri Patil. Sri B. C. Lingiah welcomed and Smt. Soundaramma Venkatesh proposed a vote of thanks.

Cong (O) Backs JP Stir

Mysore, Nov. 29

Congress (O) leader S. Nijalingappa said here yesterday that his party supported the movement of Sri Jayaprakash Narayan.

The AICC (O) would be meeting in Chehalgaon, Maharashtra, from Jan. 2 to 4 and will discuss the form of agitation to be launched in different States including Karnataka to dislodge the present Government in the country, he said.

Sri Nijalingappa told newsmen that he personally did not think that there would be a snap poll in the country but, he added, "no body could know the mind of a woman" and cited the example of 1971 elections.

Addressing the party workers, he called upon them to be prepared to launch an agitation, more serious than the freedom fight, to dislodge the present Government. He defended the right of the people to launch an agitation against a corrupt Government.

Sri Nijalingappa criticised the working of the Devaraj Urs Ministry and charged that development works had come to stand still. "We are in the hands of political adventurists", Sri Nijalingappa criticised.

City Congress (O) Committee President M. Narasimhiah Pandit welcomed the gathering. Vice President A. Ramanna appealed to Sri Nijalingappa to lead a movement for dislodging the Congress Government.

In Yesterday's Disturbances

Mysore, Dec. 2

Section 144 Cr. P. C. banning procession and meetings in the city municipal limits has been clamped for seven days from yesterday following disturbances over the reported unnatural death of two ex-convicts on Saturday.

Police burst four teargas shells and made a lathi-charge near Meelad Bagh to disperse the unruly crowd which indulged in stone throwing. Twentyfive persons were taken into custody. Four persons and five policemen were injured. One of them was admitted to hospital. The situation was normal today.

According to the police, Javed Ahmed who was arrested in connection with a burglary case by the Lashkar police died in the lock-up. Post mortem showed that the death was due to asphyxia caused by blocking of wind pipe by a mass of food. The "B" Division Circle Inspector has been kept under suspension and Magisterial enquiry ordered.

Another ex-convict, Valt Ghouse Peer of N.R. Mohalla, who was arrested and later released, died in K.R. Hospital also on Saturday. In this connection, two police constables had been arrested and kept under suspension. A case of murder has been registered against them.

The two bodies were taken in procession and buried later.

Sri Aziz Sait yesterday met the Chief Minister at Bangalore and demanded a judicial probe.

Cong (O) Leader Calls For United Action

Mysore, Dec. 3

Congress (O) leader M. S. Gurupadaswamy has given a call to different sections of youth conferring at various levels on launching the Bihar-type agitation in Karnataka to evolve a united panel of action. They should avoid sporadic activities and fittering away of their energy in such activities, he said.

He said there were already rumblings of unrest in the State due to "the politics of immorality practised openly and shamelessly by the State Ministry". The situation was ripe now for launching a Bihar-type agitation.

2 More Cops Arrested

Mysore Dec. 3

Head Constable Krishnappa and constable Rajendra were arrested by the police yesterday in connection with the alleged unnatural death of ex-convict Vali in K.R. Hospital on Nov. 30.

Vali's father had lodged a complaint alleging that police had beaten up his son while in custody in conection with a burglary.

With this, total number of police officers arrested so far has risen to four. Two constables Puttaraju and Madiah had been arrested on Sunday. All the arrested have been remanded to judicial custody.

The members of the mourning committee of Vali and Javeed Ahmed, another ex-convict who died in the lock-up, have contradicted the police version of Javed's death.

In a statement, they have alleged that Javeed Ahmed had been cited as a witness in a murder case on Nov. 21 by the police and as his evidence was unfavourable to them they detained him in the lock-up till his death on Nov. 30.

They have demanded judicial enquiry and adequate compensation to their families.

Students of some city colleges yesterday abstained from classes condemning the "police excesses". They have demanded judicial enquiry.

Talk On Inscriptions

Mysore, Dec. 5

Inscriptional evidence does not land credence to the view that Vishnuvardhana was converted from Jainism to Vaishnavism by Ramanujacharya, he said.

Sites For 1.5 Lakh Houseless Poor

Mysore, Dec. 9

The Government has decided to distribute sites to 1.5 lakh houseless poor people in the State before next Feb. 15, Chief Minister Devaraj Urs said yesterday.

He was laying the foundation stone for the Rs.32-lakh water supply scheme to Hunsur town. State Adult Education Council Chairman D. Kariappa Gowda presided.

The Chief Minister said so far three lakh sites had been distributed. A scheme to construct houses for poor in a 32-acre area at a cost of Rs. 1.5 crores by HUDCO had been approved

Sri Urs asked the officials to collect revenue arrears without any consideration. About Rs. 40 crores were due to the Government. People should cooperate by paying their revenue dues promptly, he said.

He advised officials to show concessions in collection of levy wherever rains had failed and crops were affected.

Hunsur Municipal Council President Annamalai Mudaliar welcomed the gathering. Sri Chikka Channappa proposed a vote of thanks.

Kuvempu Backs JP's Stand

Bangalore, Dec. 9

Poet laureate K. V. Puttappa yesterday strongly condemned the present degradation in national life and asked the youth to be prepared to battle against the evils.

Delivering the tenth convocation address of Bangalore University, he lamented that even those who had come under the inspiring leadership of Gandhiji had turned out to be now more men of straw

Supporting Sri Jayaprakash Narayan and his movement, Dr. Puttappa said however not all was lost. "Some at least of Mahatma's followers like Vinobaji and Jayaprakash Narayan are carrying the torch of idealism and are engagned in the arduous task of awakening this country".

Terming democracy in the country "a mere mockery", he blamed the leadership for having converted Gandhiji's ideals into museum pieces, foreseeing the dangers of keeping them alive.

It was his feeling that soaring prices, corruption and controversial policies might continue unabated for some more time. He hinted that by 1981 population might face many devstation and balance of power might change.

"Jeeta" Still Practised

Mysore, Dec. 10

"Jeeta" system, the age-old unconstitutional practice, is still prevailing in Mysore district.

Two instances of this slavery came to light when a group of pressmen with Social Welfare Minister N. Rachiah visited Penjalli village in H. D. Kote taluk yesterday.

In one instance, Sidda Setty, who has taken a loan of Rs. 3,000 from another member of the same Ganiga Setty caste, has left two of his sons, aged 13 and 14, since seven years for "Jeeta" at Chandravadi village in Nanjangud taluk for payment of interest for the loan amount.

A Muslim, Mohamed Yusuf, narrated the second instance. He has borrowed a loan of Rs. 300 four years ago and left his two sons with the money-lender for "jeeta". While the elder son's "jeeta" clears a loan of Rs. 100 every year, the "jeeta" of younger son clears Rs. 50 a year. If they fall ill, or fail to work, Re. one per day will be deducted from their jeeta earnings.

The Minister expressed surprise that the 'jeeta" system which is believed to be practised only by Harijans and other scheduled castes was prevailing in castes like Christians and Ganiga Setties.

India Facing Innings Defeat

West Indies were in a commanding position having established a 273-run in their first innings against India on the third day of the Second Test at Delhi today.

West Indies, who were 478 for 7 on Thursday, were all out for 493, 30 minutes before lunch this morning. Richards was unlucky to miss his double century. He remained unbeaten with 192 runs which included six sixers and 20 fours. Prasanna got four wickets for 147 runs and Solkar two wickets.

India, facing the difficult task of avoiding an innings defeat, had made 34 for the loss of Naik's wicket at lunch. Naik was bowled by Julien for 6. Engineer with 18 and Kanitkar with 5 were playing.

Engineer, who was hurt, retired at lunch. After lunch Kanitkar was bowled by Gibbs for 20, when India's score was 81. Viswanath was out for 39. Sharma with 15 and Engineer, who had resumed his batting, with 30 had taken India's score to 124 for 3.

Inaugurating the Harijan Shikshana Sangha at Saligrama village in K.R. Nagar taluk, he regretted that "Jeeta" practice still continued in the State. This showed that the rural poor continued to be exploited by the richer class.

Take-Over Of Hostels Suggested

Mysore, Dec. 16

A suggestion to the State Government to take over all the aided hostels was made by Sri T. N Narasimha Murthy, MLA and Deputy Chairman of Legislative Council.

Addressing a press conference this morning, he criticised the apathy of both the State and Central Governments in improving the conditions of Harijans and Scheduled Castes. The concessions provided to them should be either implemented properly or should be abolished completely, he said.

Sri Murthy also criticised the representatives of the Scheduled Castes and accused that they were using their position for their selfish interests. He suggested that party tickets should not be given to those who held posts more than two or three terms.

He also suggested that a separate Harijan and Scheduled Castes development portfolio should be created and held by the Chief Ministers and the Prime Minister in view of its importance.

Sri Murthy strongly demanded reinroduction of Prohibition in the State and criticised the reported speech of Social Welfare Minister N. Rachiah at Kunigal recently asking Harijans to drink beer twice a week to improve their health.

MASTER PLAN FOR KRS

While he criticised the apathy towards remodelling the illumination of Brindavan Gardens, he wondered as to what had happened to the proposal of constructing additional 40 rooms, for which he had a foundation stone in 1970 when he was a Minister. He suggested a master plan for the improvement of the gardens.

Sri Azeez Sait appealed to the Minister to increase the financial allotment to the Corporation. He said the corporation had taken up a survey of tourist potentiality in the State.

Sri Sait suggested that the proposal to construct a glass house in Brindavan gardens be dropped and the amount besanctioned for improving the gardens.

He said the Corporation was raising a loan from the State Finance Corporation to acquire more buses. It would soon start inter State conducted tours.

Smt. Damayanthi Boregowda, MLA, pleaded for development of Srirangapatna. Corporation Managing Director M. D. Mariputtanna welcomed the gathering. Tourist Officer M. R. Rangaswamy proposed a vote of thanks.

Talk on Karma Yoga

Mysore Dec. 17

Though Karma Yoga and Sanyasa (renunciation) are most beneficial, the former is to be regarded as the better of the two. This is the considered opinion of Sri Krishna as propounded in the Bhagavadgita, said Vidwan K. Venkatasubbiah while addressing a gathering at the Sarva Bhasha Saraswati Sangha recently.

One should discharge one's duty faithfully, irrespective of the outcome. It is then that Karma(action) becomes Karma Yoga, which is truly the path to salvation, he said. Sangha President Prof. M.V. Jambunathan welcomed the gathering. Sri S.V. Dasappa proposed a vote of thanks.

The degree students will be given degree certificates in their respective colleges. The venue of the convocation, therefore, was once again the Crawford Hall after a lapse of seven years.

GIVE UP SUPERSTITIONS

Raja Ramanna's Call To Youth

Mysore, Dec. 21

Dr. Raja Ramanna, Director, Bhabha Atomic Research Centre, Bombay, today called upon the new graduates of the Mysore University not to be guided by superstition whenever they had to take a decision involving a challenge in their future life.

In his view, all superstitions and other manifestations of ignorance were evils and motivated by selfishness.

Delivering the 55th convocation address, he said that although religion, profession and language had played an important part in the rise of our great culture they had become a stumbling block in the integration of this great country. Whatever may be their values in the past, they served no purpose now.

But, he made it clear, that this did not mean that the youth should throw out everything of the past. They should not do anything which would destroy the foundations of this great country. It deserved all the devotion they could give it.

"Nowhere in the world is there a country with such a glorious past and a promise of a great future in spite of all its diversities and discontinuities. It only requires young people like you to let it flower into real greatness", the noted scientist said.

If democracy had to succeed and the country should develop, education should reach every individual and regional languages should become the official language, Vice-Chancellor Javare Gowda said on Saturday.

Centre's Policy Hindering Growth

Blames Channabasappa

Mysore, Dec. 25

Public Works Minister H. M. Channabasappa has called for a change in the financial policy of the Centre for a better relationship between the States and the Centre.

Inaugurating the "Power for Prosperity" week at Town Hall today, he criticised the present financial policy of both the Planning Commission and the Centre and said they were coming in the way of taking up projects which yielded good returns like Kalinadi project. Therefore, they should adopt an elastic financial policy and see that remunerative projects did not suffer.

Sri Channabasappa explained the difficulty the Karnataka Government was facing in raising adequate resources for executing the giant Rs. 250-crore Kalinadi project.

He strongly criticised investment on "lavish" schemes like expansion of Lalitha Mahal Palace Hotel, construction of 5-star hotels and fat salaries to public undertaking officials.

Referring to a reported conditional offer of the Railway Ministry to resume talks with railwaymen if they gave up the right to strike, he said, "We will not hesitate to shed our blood to preserve and retain this right."

He accused that the Mysore Railway Division authorities had been adopting an anti-labour policy and demanded the reinstatement of all those employees whose services were terminated.

HMC Criticises Hotel Expansion

Mysore Dec. 26

The proposed expansion of the five-star Lalitha Mahal Palace Hotel in the city came in for strong criticism by Public Works Minister H. M. Channabasappa yesterday.

Speaking at the State Electricity Board function, he said expansion and construction of five-star hotels was nothing but "madness". They would not help in eradicating poverty. Althongh he was a Minister, he too could not afford to drink a cup of coffee there. It was unfortunate that the poor had to sacrifice for the pleasure of the rich.

Criticising such schemes as opposed to democratic and socialistic ideals, he said instead of spending Rs. 75 crores on expansion of Lalitha Mahal, the amount could be spent on industrialising the city to remove unemployment or for improving agriculture.

Sri Channabasappa said he was the only person who opposed the take-over of the Modern Hindu Hotel by the State Tourism Development Corporation for expansion.

State People For Mass Stir

SAYS JP'S ASSOCIATE

Mysore, Jan. 10

The problems in Karnataka are similar to those in Bihar and the people here too want to start a similar mass struggle, Prof. Thakurdas Bang, a close associate of Sarvodaya leader Jayaprakash Narayan and Secretary, Akhil Bharat Sarava Sangh said here today.

Sri Bang, who is on a two-day visit to the city, beginning his 14-day tour in the State to explain the objectives of the Bihar struggle and prepare ground for the proposed tour of Sri Jayaprakash Narayan, said the nine-month-old peoples' movement in Bihar was entering a crucial phase with the constitution of "Janatha Sarkar" upto the block level and of Peoples' Assembly.

He said he was touring the South from Dec. 8 to explain the objectives of the Bihar struggle, to describe the new phase into which it was entering and to enlist support for the struggle.

"I am finding in Karnataka that the problems taken up by the peoples' movement in Bihar viz., inflation, unemployment, miseducation, corruption and electoral reform, are also very much here in Karnataka. People here appreciate the revolutionary struggle in Bihar and support it. They also want to start a similar struggle".

Replying to questions Prof. Bang said according to his guess Sri Jayaprakash Narayan thought that there were better chances for starting a peoples' movement in Karnataka also. "He must have been impressed by the reports he has received from Karnataka".

The movement in Karnataka need not be a "carbon copy" of the Bihar movement. The phase could be different. What shape it should take is left to the choice of the people, he said.

Sri Jayaprakash Narayan was scheduled to visit Karnataka during late February or in the middle of March. If there was a snap poll, he might visit the State after the elections, he added.

Developing Mysore B'lore Belt Area

Mysore, Jan. 10

Steps had been taken to develop the area along the Mysore-Bangalore railway line by locating three or four industries so that the case for converting the line into broad gauge could be strengthened, Industries Minister S. M. Krishna said here yesterday.

Inaugurating the Rs. 10-lakh ShringarAromatics at theMysoreSouth Industrial Suburb, he said one of the conditions stipulated by the Railway Ministry to convert the line into broad guage was that the State Government should provide the necessary traffic to make the scheme worthwhile.

The Minister said there was a complaint that Mysore was being shown a step-motherly attitude. But now about 50 to 60 industries were being set up in the district. One of the reasons for this was that the district had been declared as backward and incentives were being offered for setting up new industries.

The Kudremukh iron ore project would be started soon with the signing of an agreement between India and Iran in a month's time. Iran would give Rs. 300 crores aid for the project, he said.

Sri Krishna explained the industrial achievements in the State since 1971 and said the progress made was "remarkable". He would be placing a report before the ensuing legislature session detailing the achievements, he said.

Sri D. Jayadevaraje Urs, MLC who presided, suggested a master plan for the city to meet all the needs of the new industries that might come up in the next 10 years.

Welcoming the gathering, Managing Partner H.N. Ramathirtha said the 14-tonne aromatic plant would manufacture as many as 20 chemicals. Technical Adviser V. V. Bhave read messages. Sri H.S. Rao proposed a vote of thanks.

Kadidal Calls For Strong Opposition

Mysore, Jan. 11

Former Chief Minister Kadidal Manjappa yesterday called for the formation of a strong and united Opposition party with radical programmes as an alternative to the Congress.

Addressing a public meeting at Town Hall under the auspices of the Karnataka Nava Nirman Kranti, he said theOpposition parties had failed in their role and were only following the foot-steps of the Congress. Although 26 years had passed since independence, no strong Opposition party had emerged in this country yet, he regretted.

The position which prevailed in Bihar prevailed in some parts of Karnataka also. Corruption was rampant. Not only politicians, even officials were corrupt. With such people no new society could emerge, he said.

People with great hopes had voted Congress party to power in 1969. But those who had come to power had forgotten the wishes and aspirations of the people. The ruling party alone should be blamed for the present economic conditions, Sri Kadidal said

If anybody criticised the ruling party, they were branded as reactionaries or communal. A true socialist would not do politics in the name of communalism. This was pseudo-socialism which should go, he said.

It did not matter who ruled the State. Let Sri Devaraj Urs alone rule the State. But the administration should be clean and efficient and the people who govern should be honest, Sri Kadidal said.

Prof. Thakurdas Bang, a close associate of Sri Jayaprakash Narayan, called upon the youth to sow the seeds of revolution in Karnataka also. The seeds of "Kranti" were being sown all over India by students. The youth in Karnataka should not lag behind, he said.

Attack On Student Condemned

Mysore, Jan. 11

Sri M. Srinivas, Senate member and KPCC (O) Convener, has strongly condemned the attack on SriNagendrappa,a student, in Manasa Gangotri on Thursday. He said the attack with knife and cycle chains was despicable act which should be condemned by one and all. It was most unfortunate that the University campus should become an arena for violence.

The Karnataka Nava Nirman Kranti, Mysore unit, has also strongly condemned the attack on Sri Nagendrappa, a student leader of the Kranti,and blimed the Indira Brigade and "Congress Goondas" for the attack.

FOURTH TEST:

INDIA'S BATTING COLLAPSES

India repeated its story of winning the toss but losing the advantage of it by throwing away the wickets for cheap runs in the Fourth Test in Madras on the opening day today. Within the first two hours before lunch, it had lost four wickets for a paltry 64.

Engineer and Solkar began batting and when the score reached 21 Solkar well caught by Kallicharan off Julien for 4. For the addition of three more runs, Engineer (14) joined Pataudi when he gave a catch to Greenidge again off Julion. Gackwad did not last long as he was leg before in the bowling of Roberts for 7, score reading 30. Pataudi joined Viswanath, but he too returned, leg before again to Roberts for 6 (41 for 4).

At lunch Viswanath (17) and Mankad 9 were batting Julien had claimed two wickets for 12 runs and Roberts two for 23.

After lunch when score was 74, Mankad was caught Fredricks off Roberts for 19 and after two more runs Madanlal was bowled by Roberts for 0.

Roberts claimed two more victims, Ghavri who was bowled for 12 and Prasanna who was caught by Murray for no score, India's score remaining at 117.

Text Books Publications

Mysore, Jan. 24

The two day Mysore University level Kannada Teachers's Conference which concluded here yesterday felt that universities and pre-university board should undertake the publication of text books with a view to eliminate unhealthy competitions between the publishers and to improve the standard of text books.

The conference urged the university and PUC board to make available to students, text books at reasonable prices so as to free them from the habit of taking to guides.

While evaluating the Kannada answer books, care should be taken to see that not more than 25 PUC papers at PUC level, 20 at University level, and 12 optional Kannada papers were given for valuation per day.

The view that the standard of Kannada text books at PUC and undergraduate level had not been satisfactory was expressed by a seminar on Kannada text books organised as part of the conference. The seminar felt that the standard text books were found here and there. But on the whole due to various pressures and misplaced sympathies sub-standard books were prescribed which were inimical to the educational well being of the student community.

PLEA TO REVAMP TELEPHONES

Mysore, Jan. 24

Addressing the members the local branch of the association Sri Rao stressed that telephone was a commercial concern and it had to be treated and worked as a business concern. But unfortunately, he added, due to wrong policies of the Government the full benefits of the system were not made available to the public. They had to wait for years to get new connections resulting in the loss to Government. Lines were not being maintained properly, trunk boards were not being manned fully, as a result of which the trunk calls were being delayed and the subscribers abused the operative staff for which they were not responsible. Sri Rao assured that the association representing operators, monitors, observation supervisors and lady welfare superintendent would do its best to serve the subscribers. Sri H.V. S. Murthy, Karnataka circle secretary also spoke.

Due Share Of Waters Denied

Says Governor

Mysore, Jan. 25

Governor Mohanlal Sukhadia said on Thursday that for various historical reasons people of Karnataka were not obtaining their due share of water from some of the important rivers which pass through the States.

Laying the foundation-stone of Nallur Amanikere reservoir at Ingalvadi village inGundlupet taluk, he said that if the historical factors had not interfered the situation would have been different.

Before he came to Karnataka, he was under the impression that the need for water was more acute in Rajasthan. But he felt now that Rajasthan had more irrigated area than in Karnataka, despite the fact that important rivers passed through this region.

The Governor said he had been telling that the basins of Krishna and Godavari should have been considered as one Although he did not like to comment on these problems, he said he hoped that just solutions would be found at least now. Similarly, he hoped that the Cauvery and the Krishna waters dispute would be settled soon and that an amicable and fair solution would emerge.

Chief Minister Devaraj Urs said during the next year Rs. 8 crores would be spent on minor irrigation projects.

Assembly Speaker K. N. Nagarathnamma welcomed. Chief Engineer K. S Narayana Rao while proposing a vote of thanks said the project costing Rs 190 lakhs would irrigate about 4,000 acres.

India Avoids Follow-on By 2 Runs

Bedi and Ghavri pulled through India at a crucial stage and avoided follow-on by just two runs before they were out folding up India's first innings at 406 on the fifth day of Final Test at Bombay this morning.

As two wickets of Gaekwad and Skipper Pataudi tumbled soon after the commencement of play today for addition of only 17 runs, it looked India might not get out of the woods. But thanks to an invaluable 13 by Bedi and a good supporting by Ghavri (9) they inched run by run and managed to avoid the follow-on.

Gaekwad was clean bowled by Gibbs without any addition to his overnight score of 51, India's score reading 374. Pataudi did not last long. He too was clean bowled by Gibbs when he was 9 and India's score 392. India were really in woods then.

But Bedi played a careful innings and scored 13 runs before he was leg before to Roberts when the score was 406. Ghavri followed him without any addition to the score. Chandrasekhar remained not out with no score.

For West Indies Gibbs in his excellent bowling performance secured seven wickets for 98 runs in 59 overs, 20 of which were maiden.

With about 10 hours of play left, West Indies having a first innings lead of 198 runs began their second innings and at lunch were 42 for no loss.

West Indies went for quick runs in their second innings to put India in defence again. The first wicket partnership between Fredericks and Greenidge yielded 75 runs, before Frederiks was bowled for 37 by Ghavri. Kallicharran joined Greenidge and the latter was caught by Brijesh Patel off Bedi for 54. Lloyd made 37 runs in 22 minutes before he was out. Kallicharran and Richards were batting, score reading 205 for 3 at tea.

Chamber Letter To CM

Mysore, Jan. 30

Sri M.K. Lingiah, Convener, Railway Action Committee of the Mysore Chamber of Commerce and Industry has urged the Chief Minister to bring pressure on the Centre for taking up the conversion of Mysore-Bangalore rail line into broad-gauge,

In a letter to the Chief Minister yesterday, Sri Lingiah expressed surprise over the reported statement of Southern Railway General Manager (construction) Kalicharan that the conversion had been put off as it would rasult in a loss of Rs. 40 lakhs a year.

Sri Lingiah pointed out that the State Government had offered to meet the loss, supply sleepers free of cost and meet the acquisition charges of the land. The then Railway Minister had assured the Lok Sabha that the proposal had been accepted in principle and work would be taken up when finance permitted.

He added that as many as 60 industries were coming up in Mysore district and the broad-gauge line was an absolute necessity. He has requested the Chief Minister to use his good offices and see that this work was taken up immediately.

Democracy Coming To An End, Advani

Mysore, Feb. 1

Jan Sangha President L. K. Advani said yesterday that he saw ominous signs during the last few days of democracy coming to an end in the country soon.

Addressing a public meeting at Vidyaranyapuram Circle, he said he regarded the last few days as ominous of this move on the part of the Government.

The points which indicated this were the support extended by Prime Minister Indira Gandhi to the developments in Bangla Desh where a single party and one man rule had been established, the threat of Bihar Chief Minister that Sri Jayaprakash Narayan would be arrested and the reported ordinance to impose ban on the RSS. These were pointers that democracy was sought to be strangulated and murdered, Sri Advani aid.

The Prime Minister, he said, some time back was thinking of holding mid-term elections. She had changed her mind now and was thinking of postponing the mid-term elections. It was difficult to say how things would shape in the coming days.

The Jan Sangh President, therefore, appealed to the youth to be vigilant of their democratic rights. "Come what may we have to preserve these rights", he said.

City Jana Sanga President Putte Gowda welcomed the gathering. Sri H. Gangadharan presided.

Step Up Rehabilitation Work

Mysore, Feb. 3

Union Rehabilitation Minister R. K. Khadilkar appealed to the State Governments of Southern region here this morning to formulate rehabilitation schemes to absorb more repatriates in their States.

Inaugurating the two-day conference of rehabilitation Commissioners and Secretaries of Southern States at CFTRI, he said although the achievements during the last few years were of a high order still more remained to be accomplished.

Out of 6 lakh persons of Indian origin who were to be repatriated from Sri Lanka, only about 23 per cent had arrived so far. The remaining 77 per cent (about 4.65 lakh persons) were yet to be repatriated. In the remaining four years of the Fifth Plan as many as 2.16 lakh repatriates may arrive, he said.

The various rehabilitation programmes could absorb only 20 per cent of the anticipated 50 per cent repatriates during the Fifth Plan period leaving a balance of 30 per cent. This was a matter of great concern, he said.

Sri Khadilkar, therefore, appealed to the StateGovernments to find more land for plantation and land colonisation schemes for rehabilitating the repatriates. He assured that the Centre would stand by the State Governments in this endeavour and all financial help would be provided.

Karnataka's Minister Subbayya Shetty, welcoming the participants said the State Government had undertaken many schemes of rehabilitation, recognising the magnitude of the problem. It had provided homes for refugees of every description.

The Government envisaged a vital role for co-operatives in tasks such as procurement and distribution of foodgrains and other essential commodities of mass consumption, Union Minister for Civil Supplies T. A. Pai said yesterday.

He was inaugurating the second unit of the Janatha Bazaar of the Mysore District Central Co-operative Wholesale Stores. Sri V.B. Tarodekar, President, National Co-operative Consumers' Federation, presided.

Explaining the role to be played by consumer co-operatives in the country, Sri Pai said they should equitably distribute the available essential articles to the common man.

He flatly turned down a plea for equitable distribution of confiscated smuggled goods to all the consumer co-operative societies. He said co-operative societies were not meant for this purpose. There were already complaints that they indulged in black marketing in these goods. He asked why should the co-operative societies make people feel that confiscated goods were all good.

He said he had received reports about the poor quality and inadequate availability of controlleed cloth. Steps would be taken to produce more controlled cloth and meet the requirements.

Sri Pai paid tributes to the District Central Co operative Wholesale Stores and suggested it to expand the Janatha Bazaar into a Super Bazaar

Sri Tarodekar appealed to the Minister to allocate more confiscated goods to the consumer wholesale stores and appoint them as agencies for scooters and motor-cycles.

Sri T.V. Srinivasa Rao welcomed the gathering. Stores President D. Gopalaraj Urs read a report. Federation President H. Kempe Gowda proposed a vote of thanks.

SAFEGUARD DEMOCRACY

Sukhadia's Call

Mysore Feb. 8

Governor Mol.anlal Sukhadia made an impassioned plea to the people here today not to lose confidence in democracy because of the prevailing conditions in the country, but strengthen and safeguard it at any cost as any other alternative system would be still worse.

Inaugurating the two-day fifth Rotary 318 District Conference at a gala function at Race Club, he said that democracy had not come to us cheaply or accidently. It was a hard-tought victory, won by the tears and sufferings of countless millions.

Our national life was today wholly different compared to other nations. The present day difficulties like rise in prices, shortages, corruption, unemployment etc. were existing in other countries also. One could say without fear or contradiction that situation in many other countries which were ruled by dictators or semi-dictators was considerably worse. Here he cited the example of Pakistan.

Referring to developments in the country during the last 25 years, the Governor said but for this progress our life today would have been very much worse.

Hence, it was the responsibility of every citizen and particularly the educated calsses to safeguard democracy at any cost. "The loss of democracy is too horrible to contemplate. The people have the right to change the Government as long as democracy exists. But once they lose this right, they lose it for ever", he warned.

Sri Sukahdia also warned against loose talk about corruption and said this would do considerable harm to the functioning of our political system.

District Governor P. R. Sitaram called upon Rotarains to take up the new challenges of responsibilities of Rotary confidently. Dr. Ganpat B. Mohite, Rotary International Representative also spoke.

After welcome by Sri F. K Irani, Sri O.n Prakash read greetings and Sri N. N Sastry messages. Sri Arya realeased Rotaract souvenir. Sri P. R. Rao proposed a vote of thanks.

Chaluvaligars' Demands

Mysore, Feb. 17

The Kannada Chaluvaligars' District Conference has urged the Centre to change its "peculiar attitude" and take up the conversion of Mysore-Bangalore line into broad-gauge and connect Chamarajanagar and Satyamangalam with a rail line.

The one-day conference held at S. Hoskote in Nanjangud taluk on Saturday, urged the State Government to reduce its margin of profit in levy paddy and supply foodgrains at lesser prices to the people.

It criticised the delay in implementing the Mahajan Commission report and urged the Centre not to yield to the pressures of Maharashtra. It condemned the "step-motherly attitude" of the Centre towards the riparian rights of Karnataka. It wanted urban ceiling to be introduced without further delay.

The conference also demanded the removal of inter-district ban, elections to local bodies, Kannada as court language, development of Mysore City as a tourist centre and equal pay to State and Central Government employees.

Earlier inaugurating the conference, Sri Vatal Nagaraj accused the Centre of showing "step-motherly attitude" to the interests of the State and called upon Opposition leaders to come out from their ivory towers and fight for the interests of the people as in Bihar.

He said the ruling party and the 27 MPs were only "yes masters" of the Centre and were not concerned with the State's interests.

Sri Vatal warned that if the interests of the State were continued to be ignored by the Centre a serious agitation would be launched.

Sri N. Siddappa welcomed. Sri Chandrasekhariah explained the objectives of the conference Sri Thayur Vittala Murthy proposed a vote of thanks.

JP's Movement Has Awakened Masses

Mysore, Feb. 24

Although the movement of Sri Jayaprakash Narayan had created a sense of awareness among the masses, particularly the youth, it had failed in showing an alternative to the present system, Sri Ta. Ra. Subba Rao, popular Kannada novelist, said yesterday.

Releasing a special issue of "Chitragupta" on the JP movement, Sri Tarasu quoted the example of Gujarat. But, we should be thankful to Sri Jayaprakash for awakening the people to problems like change in educational system and electoral reforms. But this alone would not bring the desired results, he said.

He strongly opposed branding Sri Jayaprakash as a fascist or an American agent. One should make an unbiased assessment of the movement, Sri Tarasu said.

He said the Press had a very responsible role in this direction and complimented the magazine editor R. Sathyanarayana on his venture.

Sri Agaram Rangiah, who presided, said one had to wait and see as to how the JP's movement would be successful

Sri T. V. Srinivasa Rao welcomed the gathering and Sri R. Sathyanarayana proposed a vote of thanks.

Cl. Budget Hits Commonman

A massive dose of taxation to fetch Rs. 288 crores, has been proposed in the Budget for 1975-76 by Union Minister C. Subramaniam.

The taxation proposals, covering a wide range of articles and described as draconian embrace among others the following :

Duty on free sugar, excise duty on loose tea, enhancement of basic duty on cement, petroleum products, tobacco and tobacco products, hand made bidis, chewingtobacco,cigarettes, rayon and synthetic yarns, duties on superfine and fine cotton yarns, basic duty on cosmetics and toilet preparations.

The Budget for the next year crosses Rs. 10,000 crore mark for the first time. The receipts are estimated at Rs. 10,303 and expenditure at Rs. 10768 leaving thus a deficit budget.

Nuclear Power Station In State

[From Our Correspondent]

Bangalore, March 7

It is felt that power generation in the State, which is subject to vagaries of monsoon, should have thermal backing.

Even assuming that all possible hydel projects are taken up and completed in a reasonable time, it is feared that demand would be far in excess of the available energy in average rainfall years and power cuts would be regular feature for years to come. If monsoon becomes erratic, as has happened in last three years, the situation would be far worse.

The Government of India, therefore, has been moved for establishment of a thermal station and a nuclear power station in the State.

The Central Water and Power Commission has been requested to prepare a feasibility report to locate a 2x250 mw thermal station near Mangalore.

The site selection committee of the Atomic Energy Commission, Bombay, has inspected the following sites suggested by the Karnataka Electricity Board, and the decision of the Centre is awaited.

1) A site near Bidarur village in Sharavathi valley project area, Sagar taluk, Shimoga district and 2) a site near Naranadevara Kere on the left bank of the foreshore of Thungabhadra reservoir.

Who Are Political Prisoners?

[From Our Correspondent]

Bangalore, March 8

Who are political prisoners? This perplexing question is answered by the State Government authorities. According to them there is no such categorisation of prisoners under the rules in Karnataka or in the neighbouring States. A so no such categorisation is considered necessary, as the Inspector-General of Prisons obtains orders of the Government in such cases on request for amenities made by prisoners on admission to jails.

But the Estimates Committee on Prisons in the State, in its report, recommends that it is better that the political prisoners are defined in the jail manual and facilities to be provided are clearly laid down.

Land Act Has Hit Weaker Section

Minister Admits

Plea For Open Varsity

Mysore, March 19

Karnataka should take the lead in setting up an open university on the lines of the Open University in Britain, Mysore University Registrar D. V. Urs said this morning.

Delivering the key-note address of the two-day seminar on "Correspondence Education and Open University", organised by the University Institute of Correspondence Course, he said the seminar should prepare a white paper for presenting before the Government for the creation of an open university. The Institute of Correspondence Course could become the first open university in the country.

Inaugurating the seminar, Vice-Chancellor Javare Gowda called for relevance and flexibility in university education. It was the lack of flexibility which had resulted in university education becoming irrelevant to the changing society, he said.

Dr. R. O. Iredale, Regional Adviser (Education), British Council, Madras and Sri Robertson, Manager, Correspondence Service, Open University, Britain, spoke. Institute Director P. Mallikarjunappa welcomed and Prof. C. D. Govinda Rao proposed a vote of thanks.

* Dr. S. N. Saha, Principal, Regional College of Education, delivers the valedictory address at the Institute of Indian Languages, Manasa Gangotri, at 3-30 p.m. Sri D.V. Urs, Registrar, will preside.

Economic Policy Cause For Stirs

Says KPCC Member

Mysore, March 21

KPCC member K. P. Shanta Murthy has called upon his party leaders to consider whether it was possible to implement the party's election promises and socialism by the present dual economic policy followed by the Government.

At a press conference yesterday, he said as long as this policy was followed it would not be possible to set up a socialistic society and eradicate poverty. The present policy was responsible for all the problems the country was facing.

People were today disgusted of the political parties and were launching protest movements and agitations. These could not be put down by force. On the other hand, it was necessary to find out the needs and aspirations of the people and fulfil them. For this purpose, all the leaders should come together and save the country from the present insecure position, Sri Murthy said.

He suggested implementation of 22 radical programmes which included abolition of property rights, nationalisation of water, land, hotel and cinemas, reforms in elections, strength of ministries according to States' population, rationalisation of salaries, machinery to probe into corruption charges and right for people to recall their elected representatives.

Granades Army Made

The two hand grenades which had been slipped into the car of Chief Justice A. N. Ray of the Supreme Court at Delhi yesterday were found to be army-made, Home Minister Brahmananda Reddy told the Lok Sabha today.

Making a statement in the House, he expressed grave concern over the attempt on Sri Ray. He said the investigations had been taken up by the Delhi police.

Constable Abdul Waheed, who was at the Tilak Marg and Bhagavan Das Road cross had been suspended for failing to help in the arrest of the assailant who slipped the bombs into the car.

The Lok Sabha will discuss the subject on Monday.

Krishna Happy Of Indl. Growth

Mysore, March 24

During the last two and half years Mysore District had shown tremendous potential for industrial development particularly after declaring the district as industrially most backward, Industries Minister S.M. Krishna said yesterday.

He said little did the Government realise then that it would open out an intensive industrial activity in the district. His only regret was when the climate was so attractive for investment in the industrial field there was shortage of power.

The Government was hoping that the giant Kali project would be a reality within the next four years. It was exploring all possibilities of generating 250 megawatts from the Bommanahalli pick-up within the next two and half years itself, the Minister said.

State Industrial Development Corporation Chairman M.D. Shivananjappa urged for the conversion of the rail line between Mysore-Bangalore into broad gauge. Development would not be fast unless this was done. This would help industries to be set up on either side of the railway line, he said.

He also wanted a broad road between Mysore and Bangalore for quick road transport and good roads connecting T. Narasipur, Hunsur and Nanjangud with Mysore.

He said the corporation had extended all facilities to the entrepreneurs who wanted to set up industries in Mysore district. "It has not rejected even one application for financial help", Sri Shivananjappa added.

Vol. XXV MYSORE FRIDAY MARCH 28 1975 No. 177

Oust Indira Gandhi From Power

ASOKA MEHTA'S CALL

Mysore, March 28

Time has come when everyone should raise above narrow patriatism of party or State and make a decisive effort to oust Prime Minister Indira Gandhi from power, Sri Asoka Mehta, President, All India Congress (O) Committee, said here today.

Inaugurating the one-day district level political conference at Town Hall, Sri Mehta said that five years of experience had shown that the blame for all the problems presently faced by the country hould go to Smt. Gandhi.

The country was in a terrible situation because of the policies followed by the ruling party and the Prime Minister. There was constant effort to cripple production, increase inflationary pressure and introduce controls. The fundamental right today was to be corrupt. So long this umbrella of corruption remained, we would not be ableto achieve anything, he said.

It could not be said whether elections would be conducted or not. Elections had not been held for her party alone. This would provide power for her to rule as long as she wanted, Sri Mehta said.

"Therefore the time has come to make Smt. Gandhi an ex-PrimeMinister of India. Unless you do this there is no hope for us", he said.

The Congress (O) President called upon partymen not to think of their taluk, district or State alone but reverse the order and start thinking from the national level and the need to change from the top.

Former AICC (O) President S. Nijalingappa, called upon the people to awake and arise so that they could be free from the problems created by the ruling party. If this corrupt Government was allowed to function even for a few more days, not a single fundamental right would survive, he warned.

KPCC (O) Vice-President Ramakrishna Hegde, who presided, criticised strongly the Devaraj Urs Ministry and said the Chief Minister had sold away the interests of Kannadigas in the Cauvery dispute. Any sacrifice to save the situation created by Sri Urs would be small, he said.

Smt Gandhi could assume the powers of a dictator with all the powers under emergency which had not been lifted yet. He supported the JP movement.

Earlier, DCC (O) President V. H Gowda welcomed the delegates.

Unity, Best Tribute To Patel

Mysore, March 29

The greatest tribute that we could pay to Sardar Patel, who integrated India in a way as nobody had done in the history of this country, was not to do anything which would undo the work done by his great man, Sri H.V.K. Iyengar, former Governor, Reserve Bank of India, said here yesterday.

Speaking on "Sardar Patel's Contribution to National Integration" under the auspices of the H.C. Dasappa Institute of Public Affairs, Sri Iyengar, who had served Sardar Patel, described him as one of the greatest men produced by India in the last 2,000 years.

Describing how he had solved the problem of 500-odd princes and integrated the country, he said if Sardar were to be alive today he would not have been a party to the abolition of privy purses.

Sri Iyengar also paid tributes to the Mysore Maharaja and said he was one of those few princes who gave no trouble to Sardar in acceding to Indian dominion.

Sri Iyengar regretted that we were developing in our country today a degree of linguistic chauvanisim by banishing English which had kept the country together. By this he did not mean that he was against the development of regional languages.

He also regretted the creation of linguistic States this was one of the greatest mistakes done, he said.

Earlier, Sri Tulsidas Dasappa, MP, welcomed. Sri Doreswamy Iyengar presided. Sri A. Ramanna proposed a vote of thanks.

Solve Cauvery Row Outside Tribunal

Mysore, March 29

Former Chief Minister Veerendra Patil yesterday suggested to Chief Minister Devaraj Urs to find out a solution to the Cauvery waters dispute without allowing Tamil Nadu to take the issue to the tribunal.

Addressing a public meeting at Town Hall, he warned that if the dispute was allowed to be referred to a tribunal it would cause great danger to Karnataka. "We have already burnt our fingers over the Krishna dispute in the tribunal", he pointed out.

He also urged the Chief Minister to complete the Harangi, Hemavathi, Tharaka, Kabini and other Cauvery projects, which had been taken up during his period, as early as possible, if necessary even by stopping one or two developmental works.

Criticising the stand taken by Sri Urs, Sri Patil said the Cauvery dispute was not a question of Congress party or Congress (O) party. The future of two crore ryots of the State was involved in it. This should be borne in mind.

Speaking at the function arranged to felicitate Dr. M H. Gopal, former Professor of Economics, Mysore University on Saturday, he said the change towards violence in the Indian universities was more aggravated compared to western universities. Here, he referred to the incidents in Banaras Hindu University where, he said, Vice-Chancellor Shrimali was the "most unhappy man". The situation had become a national problem now, Sri Iyengar said.

The cause for this appalling situation was that there was a tremendous incursion of politics in the universities. Unless this was prevented, it would only lead to chaos, he warned.

He said the major problem today before the country was that there was an unholy axis between the industrialists and the politicians.

The axis had to be way broken and one of the for it was electoral reforms, he added.

Thanking for the honour, Dr. Gopal said Indian universities had taken the easier path of power and politics. "Where and when intellectual institutions fail in their role and worship the false God of power, society degenerates as in India today", he said.

Vice-Chancellor D. Javare Gowda presided. Dr. M. Madiah, Professor of Economics, welcomed. Messrs D. M. Nanjundappa, S N Veeraraghavachar, Billiah, Channe Gowda and D.R. Krishna Murthy spoke. An institution of gold medal in honour of Dr. Gopal was announced by Sri Nagaraj.

Situation In State Not Too Happy, Tulsidas

Mysore, April 3

Sri Tulsidas Dasappa, MP, today expressed his hope that the KPCC executive scheduled to meet soon, would clear whatever the misunderstanding had arisen between Chief Minister Devaraj Urs and KPCC President K. H. Patil.

Replying to questions put by newsmen at a press conference over the reported conflict between Sri Urs and Sri Patil, Sri Tulsidas said while it was a fact that corruption was an off shoot of the socio-economic and political structure of the society, it was expected of the administrators and men in responsible position to make every effort to put down this tendency. "I am afraid that such efforts have not been made satisfactorily" (in the State).

When asked whether he saw any compelling situation for a change in the leadership in the State, he admitted that such a situation did exist. But, he added it was advisable to help maintain the stability of the administration before adopting the "ultimate measure" of demanding for a change.

As regards making any changes in the leadership, he pointed out that there was a procedure and it should be considered by the Parliamentary Board of the party. As regards his opinion about a change in the State's leadership, Sri Tulsidas said. "I will make my observation at the right quarters at the right time".
